APPROVAL OF MSc THESIS for EXAMINATION

Candidate: _____

Student number: _____

Thesis Title: _____

I (we) have read the version of the thesis that is to be submitted to the examination committee and certify that it is in a form suitable for examination. It presents an acceptable body of scientific work that is clearly presented following University guidelines for theses. I (we) recommend that the departmental examination take place.

Supervisor (printed): _____ (signature) _____

Co-supervisor (printed): _____ (signature) _____

Date: _____

This form must be signed by the supervisor (and co-supervisor if relevant) and returned to the EEB Graduate Office (see the instructions that were emailed to the student about whether the form should be dropped off (or scanned and emailed) to the EEB Graduate Administrator or the EEB Graduate Assistant) before copies of the thesis are distributed to members of the examination committee. Failure to return the completed form will result in the postponement of the examination. Arrangements for an examination may also be cancelled if one or more examiners find the thesis unsuitable for examination. A copy of this completed form must accompany each copy of the thesis.
