

**Application & Registration Form for EEB497H1F/S  
Research Studies in Ecology & Evolutionary Biology (0.5 credits)**

**Deadline for F Course: Friday, March 27, 2026 @ 4:00pm**

**Deadline for S Course: Friday, June 12, 2026 @ 4:00pm**

<b>PERSONAL INFORMATION</b>	
<b>First Name</b>	
<b>Last Name</b>	
<b>Student Number</b>	
<b>U of T Email Address (@mail.utoronto.ca)</b>	
<b>Primary Phone Number</b>	

<b>PROGRAM(S) OF STUDY</b>	
<b>Specialist(s)</b>	
<b>Major(s)</b>	
<b>Minor(s)</b>	
<b>Current Year of Study</b>	
<b>Expected Date of Graduation</b>	

<b>What course are you applying for?</b>	<input type="checkbox"/> <b>EEB497H1F</b>
	<input type="checkbox"/> <b>EEB497H1S</b>

**INSTRUCTIONS**

Students and supervisors are encouraged to review the EEB Research Project Course guidelines before completing the application and registration forms. You can find the guidelines at <https://eeb.utoronto.ca/education/undergraduate/research-courses>.

Name your file **497 - Last Name, First Name** and submit in PDF format to the EEB Undergrad Office at [undergrad.eeb@utoronto.ca](mailto:undergrad.eeb@utoronto.ca) and CC your supervisor. **No other additional documentation is required.**

The EEB Undergraduate Office will enroll you in the Research Project Course on ACORN.

**WRITTEN STATEMENT**

Please include a short paragraph (no more than 300 words) describing why you wish to take this course. Please also mention the courses you are planning to take while taking this course.

--

PROPOSED RESEARCH	
<b>Proposed Title</b>	
<b>Proposed Outline</b>	
<b>Proposed Rationale</b>	

## EXPECTATIONS

- Supervisors are expected to meet with the student periodically throughout the course to monitor the progression of the research. It is important that supervisor and student come up with a timeline that enables completion of the research within the academic session.
- Supervisors must provide students with meaningful feedback before the last day to drop a course without academic penalty.
- Supervisors must submit the student's final grade to the Undergraduate Advisor and Program Manager, so they can submit it to eMarks. They will send out information regarding the deadline for submission of the grade when FAS sends out eMarks information.

**Note to students:** Written permission of your supervisor is required if you intend to publish any of the results from your independent research project.

## AGREEMENT BETWEEN SUPERVISOR AND STUDENT

The supervisor agrees to supervise the student outlined below for the Fourth Year Research Studies in EEB course, with the course code:  EEB497H1F or  EEB497H1S

<b>Student Name</b>	
Signature	
Date	

<b>Supervisor Name</b>
